Each week children are introduced to a different Broadway show through acting games, singing and dancing. The semester culminates with an in-class performance for family and friends!

**Fridays 3:00-3:45**

How do children learn to love literacy before they are able to read? Let us help them "leap into literacy" by teaching them how to identify characters, plot and setting by using what they already know! Each week, we will explore a new story, and use the pictures to help us identify what is happening, and who it is happening to. We will explore the physical aspects of a book, as well as the beginning, middle and end of the story. We will also begin to explore elements such as plot, setting and characters. We will also create a craft based on the story, so your child will have something to remember their experience by. Let's have fun leaping into literacy!

Unless otherwise indicated, all programs are available for 3's and 4's and Pre-K classes.
